Grove Kiwanians Kick-Off Second Annual Apple Day

There'll be apples on your home menu this week.

About 40 members of the Lemon Grove Kiwanis are going to see to it.

The club has ordered a full boxcar of Washington State Delicious apples and they are presently resting quietly, comfortably, and coolly in a refrigerated boxcar on the North street railroad siding.

But Friday and Saturday, teams of Kiwanians are going to start unloading the big, juicy fruit for distribution about the community.

Last year the club sold 600 boxes of apples and raised \$500 for charity. This year, according to club president Dr. Thayer Crow, the club will raise nearly \$900.

The apples sell for \$7 a box which Dr. Crow says is less than the normal retail price. Last year, he recalled, one of the members sold one box more than his allotment. Rather than disappoint the purchaser, the member bought a box at a market. It cost him \$10.

Half boxes will be \$3.75; quarter boxes \$2 and singly, the apples will be 10 cents.

Apple Day Chairman Lloyd Jefferies said five stands will be established at business places. They will be: First National, and U.S. National banks; Lemon Grove Tire Shop, Southland Savings, and College Grove center.

The railroad car will be open for business Thursday, Friday, and Saturday and residents may buy them direct from the tracks. The car will be open Thursday from 4 to 5:30 p.m., Friday, 1 to 5:30 p.m., and Saturday, 8:30 a.m. to 5:30 p.m. A moving truck will hawk apples throughout the residential community Saturday.

The apples, Dr. Crow pointed out, will be very handy for the treat demand on Halloween.

MISS DELICIOUS — Pretty Lorrie Durham, daughter of Lemon Grove Kiwanis vice president-elect Jack Durham, poses with an apple sign in the door of a boxcar full of Washington apples. The boxcar, refrigerated, is filled with 800 boxes of apples, all of which will be sold by Lemon Grove Kiwanians Friday and Saturday to raise funds for underprivileged children. With Miss Durham are Larry Folda, president of the L.G. Chamber of Commerce, and Dr. Thayer Crow, president of the L.G. Kiwanis club.

Demo Candidate Speaks in LG

Max Woods, of Buena Park, Democratic candidate for Congress, 28th District, speaking to a capacity audience in the Lemon Grove Kennedy-Johnson campaign headquarters, Friday night, opposed the position taken by his adversary in proposing withdrawal of the U. S. from the United Nations, abolition of the Federal income tax, a constitutional amendment that would further divide our nation on religious issues, and other controversial measures. The meeting was arranged on short notice; registrants at the headquarters were alerted by telephone.

Since its opening about three weeks ago, the headquarters has been a scene of great activity. Within a week's time, with the enthusiastic cooperation of many Democrats in Lemon Grove and La Mesa, the headquarters staff organized and completed a mailing of campaign literature to every registered Democrat in the entire 77th Assembly District; and are now engaged on a second mailing that will go out shortly to local Democrats. The response of volunteers has been phenomenal, according to those in charge, which they attribute to a great interest in Senators Kennedy and Johnson and others on the Democratic ticket.

Heading the headquarters staff are Jo Ann Jacobsen and Mary Lou Turner of "Citizens for Kennedy," and Mary Landeseo of the Lemon Grove Democratic Club. Mrs. H. J. Warner, the Club's president, who was largely instrumental in establishing the headquarters, recently suffered a broken hip and is now in Grossmont hospital.

the DIMMER VIEW

by MAX GOODWIN

Except for death and taxes, almost nothing is a certainty today.

We revised our estimate of this truism slightly last week after we had an escorted tour of the vault being installed at the new home of the U.S. National Bank at Broadway and Grove streets in Lemon Grove.

The hour of the visitation was an eerie one. It was dusk. The one inch steel bars forming the vault cage were in place. The two-foot wide forms into which the concrete was to be poured the next morning were heavily braced and ready. In all, the massiveness was awesome. In the dusk.

It reminded us of the careful planning that all banks do so that we may sleep better at night with the secure knowledge that our intrinsic belongings are safe.

It occurred to us that the rule should be extended to include bank vault safety which may be included with the certainty of death and taxes.

Halloween property damage today is an exception rather than the rule, and to this extent, Halloween, happily, is nothing like it was a generation ago.

Halloween then, was for most youngsters, an outlet for the adventuresome spirit, spiced with a heaping portion of danger. The wrecked gates and outbuildings, the displaced wagons, cows and other items of personal property bore mute testimony of the ardor possessed by an earlier generation for marking the eve of All Hallows day.

In this enlightened age the celebration is marked well but more cautiously. The school programs developed by local PTAs have all but stopped the wanton destruction of property under the guise of Halloween celebration.

Yet, danger to person exists. The adventuresome youngsters who go trick-or-treating are often oblivious to the fact that their usually-dark costumes cannot be easily seen by motorists. Exuberant small fry often dash from a group, into the streets. This is the point where a happy celebration may become a tragedy.

We offer for the conscientious parent a few common sense suggestions by which you may assure your youngster a safer evening.

Make the youngster's costume of a light colored material. If that isn't feasible, add a light colored part to it. . . or better

Zone Change OK'd For Storage Yard In Lemon Grove

SAN DIEGO (CNS)—A zone change to permit a storage and repair yard for construction company equipment in Lemon Grove will be approved when the applicant grants right of way for widening North avenue, the county Planning Commission decided Friday.

The applicant is Howard Mercer, owner of almost half an acre on the south side of North avenue, about 150 feet west of Olive street. The land is now zoned for commercial use, and Mercer is seeking industrial zoning.

Mercer was present at the Friday hearing of the commission and said he would agree to the land contribution. The hearing was then continued to December 2 to give time for right of way papers to be prepared and signed.

VFW Post Offers Rides to Voters

Spring Valley VFW Post 6474, in observing Armed Forces Day November 11, is urging voters to take advantage of their right to vote.

To help voters who can't vote because of transportation problems, the Post is offering to provide transportation to and from the polls for invalids and shut-ins of Spring Valley.

Those invalids and shut-ins that will need transportation can call HO 94022; HO 6-8260 or GR 1-1535 for an appointment anytime prior to election day. All that is needed is the name, address, and the time of day that the transportation is needed.

Halloween Paint-Up Starts Sat.; Grove Stores Face 'Redecoration'

A mass "redcoration" of store fronts will take place in Lemon Grove Saturday when students of Lemon Grove Junior High School, Palm Junior High School, St. John of the Cross School, and Mount Miguel High School advance on the business district with paint brushes in hand for the Second Annual Halloween Paint-Up sponsored by the Sotopist Club of Lemon Grove.

Students from these schools will "redecorate" front windows of business places in Lemon Grove throughout the business district. The window painting contest will carry a Halloween theme.

The contest starts Saturday at 9 a.m. and will continue till 3 p.m. Judging will be Sunday, and the awards will be presented Monday at 4 p.m.

There will be cash awards presented for Sweepstakes, best theme, funniest, most frightening, and most original.

Materials for the Paint-Up will be furnished by the Sotopist Club, according to Jean Woody, chairman of the contest. The contest is designed to give "constructive" outlet to the Halloween urge to paint windows, she added.

Last year the Grand Sweepstakes window was on Chuck's Union Service Station and was painted by Linda Nystedt, Linda Thompson, and Roger Hillhouse, at that time juniors at Mount Miguel.

Student's application blanks to participate in the Paint-Up are available at the school offices.

POLIO CLINIC

The Vista La Mesa PTA is sponsoring a polio clinic in the school's cafeteria Thursday, November 3, from 7 to 9 a.m. There will be a \$1.00 charge for the shots.

'BRAIN STORM' SESSION BRINGS MANION'S BUSINESS VIEWS

A series of "brain-storming" meetings to encourage diversification of San Diego County industry was urged, Thursday, by Jack Manion, Republican assembly nominee in the 77th district. Manion presented his views on the subject at a meeting of Lemon Grove businessmen at noon at the El Morocco.

Roy Erwin, Manion chairman for Lemon Grove, introduced the nominee.

"San Diego County definitely needs diversification of industry," Manion said. "We are all happy to have our fine defense industries here, but they need to be supplemented by smaller, non-defense industries providing a greater variety and more continuous supply of employment opportunities for our citizens."

"I definitely want to set up a series of 'brain storming' meetings with each Chamber of Commerce and business group," Manion said, "to develop a nucleus of ideas for diversified industrial expansion. These meetings should be regular events over a period of time long enough to get the job done."

Thursday, October 20, was "Manion Day" in Lemon Grove. During the morning and afternoon, the nominee visited with

businessmen and other citizens throughout the community. At 7 p.m., he addressed the Lemon Grove Lions Club on the subject of "Narcotics." The organization met at Michael's restaurant in Lemon Grove.

Grossmont Board Narrows List of New HS Names

Grossmont Union High School District Board members, in their meeting October 24, narrowed a list of suggested names for the District's seventh high school to four names—Monte Vista, El Dorado, Oromonte, and Piedmont. An original list of fifteen names was made from suggestions by various interested groups and individuals.

The names for the new school, located on Sweetwater Springs boulevard, will be presented to the portion of the present Mt. Miguel High School student body which will attend the new school. However, this will not be done until attendance boundaries are set. Then, students will further narrow the list to two names from which the Board of Trustees will make a final selection.

MOTHER'S CLUB LOSES DANCE LICENSE HERE

The dance license of a Lemon Grove saloon has been suspended by the sheriff's department, according to Lt. L. C. Ernest.

The saloon is Mother's Bar, 7628 Broadway, and the sheriff's office said the suspension was on the grounds that persons of low moral character frequent the establishment.

Lt. Ernest said that most of

the women frequenting the bar were dressed in men's clothes and that many of the customers used profane language.

C. C. Miller, supervising special investigator for the California Alcoholic Beverage Control Board, said that his group had been notified by the sheriff's department that the saloon's dance license had been lifted.

Planning Commission Questions Legality Of Home's Operation

SAN DIEGO (CNS)—a permit for an addition to a Lemon Grove rest home was denied Friday by the County Planning Commission, and the question was raised as to whether the existing operation of the home is legal.

The applicant for the special use permit was Paul J. Perry, who requested permission to add facilities for four more guests at 3260 Acacia st. His application was protested by owners of adjoining property and by the staff of the planning department.

Dr. Willis H. Miller, county planning director, reported that the Perry rest home has been operating for two and a half years without a permit. He said that the neighborhood and the size of the property make it unsuitable for a rest home.

Perry told the commission that he had bought the property for his mother and her mother to operate, but that he did it all by mail while a resident of Honolulu. He said his mother had told him that she had complied with all the requirements to operate the establishment.

The application, Perry said, erred in describing the home as a "rest home," as it was actually a boarding house for the elderly.

Robert Berrey, deputy county counsel, said the operation without a permit was against the law if it were a rest home, but that the law allowed five or fewer guests in a residence without a permit regarding them as part of the family.

No agreement on whether the Perry operation was legal or illegal was reached, but neighbors protested its continued operation.

Leo Carson, owner of adjacent property, said the original establishment of the enterprise came as a surprise to neighbors. He declared that protests were made by the owner against the noise of children playing in their own yards.

Similar statements were made by Vern Muzzy, Ernst Maynard, and A. E. Donnelly.

Their objections also centered on the interference they said came from the elderly ladies who lived in the house and didn't like the noise of the children playing at a nearby school or in their yards.

A special use permit for another Lemon Grove project was granted by the commission. This was upon the application in connection with a day care school for 36 children on a site running from Citronella st. to Imperial avenue, facing Longdale drive.

The applicants were Alice O. Wilber and Lois M. Heiserman. They had been granted a permit for 24 children in October, 1958, and the commission was told the new permit is necessary because of removal of an existing building and erection of a new one to provide better facilities and a larger play area.

Lemon Grove Rotarians will participate in the sixth annual Goodwill day of the Boy Scouts Saturday, when the youngsters will pick up hundreds of Goodwill bags from this area for the benefit of the handicapped, it was announced by Charles Spisak, executive director of the Goodwill Industries. He lives in Lemon Grove.

Spisak said that the boys left the bags at the homes last Saturday, and will return this Saturday, to pick them up, filled, it is hoped, with discarded repairable household and other goods which will be trucked to the docks of Goodwill Industries at 402 Fifth ave., where handicapped workers will rehabilitate them into useable articles to be offered for sale at nominal prices at the two Goodwill stores here.

In addition, the Scouts will urge citizens to be sure to vote on election day.

Local Rotarians will furnish leadership and check on bags, missed by the Scouts and the trucks, it was announced.

CHARITY STROLL — Pat Thines, called the "Walking Man" because he has walked more than 265,000 miles to publicize crippled children's projects during the past 61 years, is shown in Lemon Grove with Jim Spears. Thines' latest walk is for funds for the Sunnyside School for handicapped children located east of El Cajon. Thines is walking all over San Diego county between now and November 26 selling tickets for a benefit dance for the school sponsored by Tifereth Men's Club at the U. S. Grant Hotel in San Diego. The school depends solely on voluntary contributions for support. Thines, 76 years old, walked 21 years for the March of Dimes and claims to have first suggested the March project to President Roosevelt. He said Eddie Cantor gave it the name. Thines said he dealt with each of the men personally in order to launch the project. Thines was in Lemon Grove last week contacting business firms regarding the sale of the dance tickets. He will be at Spear's Ford agency, Broadway and Massachusetts Friday afternoon to supply tickets to those whom he missed the week before.

The sixth grade Avondale students had an entertaining and educational day in Tijuana, October 18, when they went there to participate in the dedication celebration of the second in a series of 18 schools John Alessio is building for the children of Tijuana.

They were entertained with dances by the students of Alessio Schools 1 and 2, after which they were treated to lunch in a Caliente.

The education was gathered through the eyes of the children when they saw the conditions in which most of the children in Tijuana live. For at least a week after the trip our sixth graders had a little respect for the comparative luxury in which they live.

Principal Barnes of Avondale sent a gift of pencils to the new school for distribution to their students.

BOY SCOUT NEWS

Boy Scout Troop 357, visited the 751st Air Control and Warning Squadron Station in the Laguna Mts. They toured the station, and learned how it is operated. They then packed in 2 1/2 miles to their camp in the Mattawas. Ten of the boys passed an exam in Scout Craft Skills while in camp.

The next Boy Scout meeting will be November 1, instead of October 31, due to the Halloween Carnival.

GOALS SET

Committeemen of Boy Scout Troop 357, attended the Women's Auxiliary meeting held last week in the home of Mrs. Harry Harlan and together they set the goals for the coming year; the first being the purchase of a 50 star flag for the troop.

Proceeds from their Fiesta Days booth are being set aside to be used towards a Pancake Supper planned for the near future, in the hope this will net them enough for the flag, and also to enable them to make neckerchiefs for all new troop members. Another of their goals is a Christmas party for the boys and a first birthday celebration in January, which they will sponsor with a cake sale.

Mrs. Wayne Shepherd was elected secretary-treasurer of the Women's Auxiliary upon the resignation of Mrs. Idele Nation.

THANK YOU!!

Last week you read about Scratcher, a puppy, who was killed by a car on Walbollen st.

When any dog is killed, no matter whose fault it is, it is a tragic thing to the child who pet it was, in this case, Sue Anne Peverly; and in many cases causes the youngster to doubt all adults because of the one whose fault it was.

In this case, fortunately tragedy turned to wonder, tears to smiles, when the phone started ringing, and people who had read of her loss, offered Sue a puppy, or the pick of an expected litter. Due to the kindness of Mrs. Robert Twede, 2313 Highview Lane, Spring Valley, who was the first caller, there is now a sweet little pup running around the Peverly home, and because of her and the others who called, a child's faith in the goodness and justice of adults has been restored.

SHERIFF CALLED

Last Friday evening, two teenage boys were shooting BB's at a woman who was standing in front of her home, holding her baby, and refused to stop when asked. The woman fled into the safety of her home and called the Sheriff, who, in turn contacted the boys' parents. Aren't BB's illegal, and if not, why not?

HALLOWEEN CARNIVAL. Last call for white elephants, cakes and cookies, things sewn or knitted, and prizes to be used for the Avondale PTA's Halloween Carnival, which will start at 5 p.m., October 31 on the Avondale School grounds.

You'll be amazed at the capabilities of some of your neighbors when you see the lovely aprons, Christmas stockings, sweaters, and other items which will be up for sale at such low prices, because they were made especially for the carnival. Hot dogs, coffee, and other refreshments will be available.

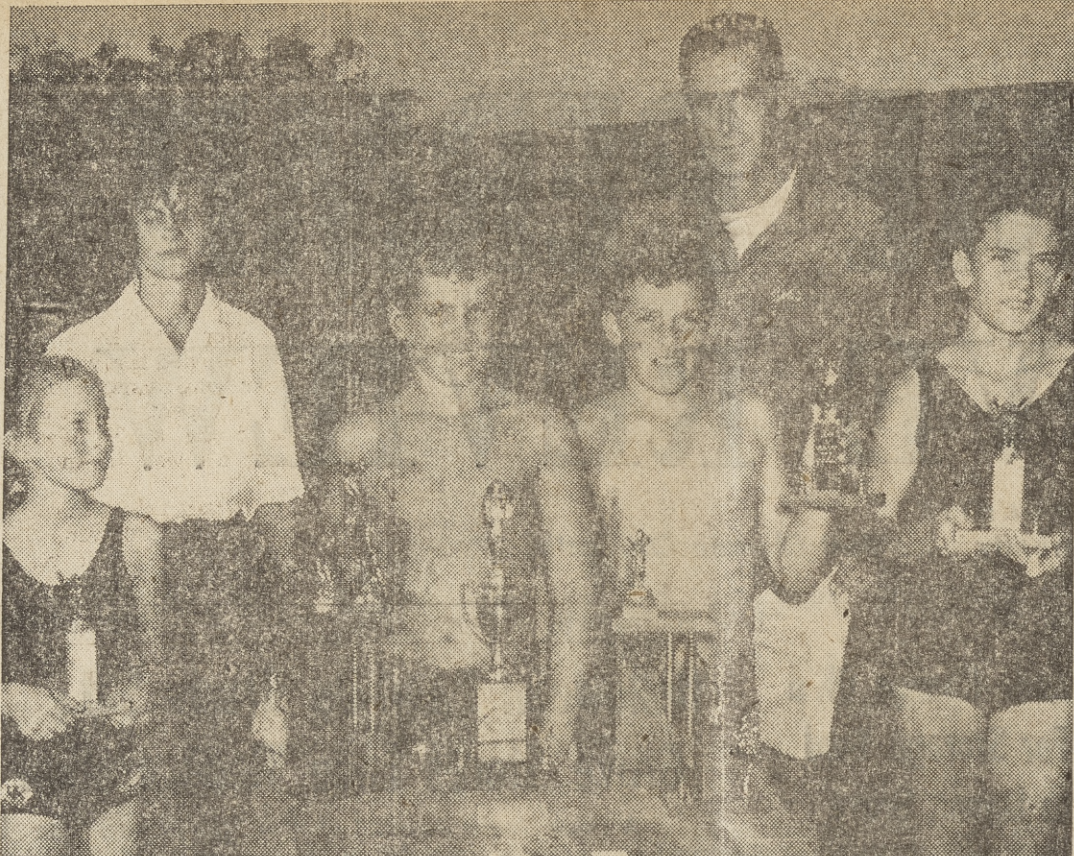

Don't disappoint your child or yourself on Halloween night, come and enjoy!

MEET YOUR NEIGHBOR. Meet Jean and Joseph Vitas, both natives of Waterbury, Conn.

Jean works in the 1st National Bank of Lemon Grove; serves as treasurer and art chairman for the Avondale PTA this year, as she did last; enjoys, as a hobby, painting and sketching, which could very well become a vocation any time she wants, judging by her work.

Joseph is a Federal employee, member of the Citizens Advisory Council, and the Toastmasters Club.

They have three children;

SOUND ADVICE

For the past few months, talk has been going on regarding the formation of a civic group. Lately, things have come to a head, and I was appointed a committee of one; my job being to contact Mr. Tommy Thomas, and ask his help in starting such a group. Mr. Thomas gave his help by saying, "Tell the people in your area to join the Spring Valley Chamber of Commerce," which, I feel, is sound advice.

I know it's a constant call to join various groups, but this is the one organization that can solve all the problems of our community, if we are represented. You certainly cannot expect others to voice your complaints, if they do not know what they are, or get your roads, sewer, or traffic problems solved, if they do not know these problems exist. We've gotten so used to thinking of our area as a separate entity, while setting up our various youth groups, that we have forgotten that we are just a part of a larger community. If we band together, our voices will have strength; separate, we're weak.

Membership is open to any home owner residing in Spring Valley. I will have application blanks available, or they may be obtained at the Chamber of Commerce Hall, 9050 Memory Lane.

Dear Editor:

I was very elated to read your very fine editorial in the October 6 issue of your newspaper concerning recent propaganda by the Communist Party about the Anti-Communism School. There seem to be so few Americans who can see through the Communists' efforts to keep up tranquility that when someone does speak up in protest against their attempts at brainwashing it is most gratifying. Thank you so much for your firm stand against this propaganda.

As you well know most of the attacks on the Anti-Communism School come from a nearby county newspaper, some State College professors and the Communist Party. The two first mentioned criticized the school long before it was held. Evidently after two months they are feeling the impact... the graduates seem to have been smoking them out of their holes and they can't stand the light.

A downtown newspaper gives State's Challenge panel program and includes Dr. Schwarz, head of the Anti-Communism School if he is available. I am sending a clipping of this notice, a copy of your fine editorial, and one from the Aztec of Wednesday, October 5 editorial "Anti-Communism?" to acquaint him with the two opposing points of view.

Thank God for courageous, loyal Americans like Max Goodwin!

Most sincerely,
Mrs. Eugene Lyle

Dear Editor:

Congratulations on your report in "The Dimmer View" backing the Anti-Communist school. So many people who received the folder entitled "Anti-Communism, Smoke Screen for Fascism," were feeling intimidated and when a paper comes out and backs them they feel encouraged. As you say, newspapers "have the vast responsibility of guarding freedom."

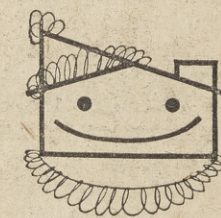

Your column is doing an excellent job of alerting and awakening people to their freedoms and duties.

yet, spangle it with reflective material.

Make sure the mask the youngster is to wear has vision holes in the proper places so that he will not stumble and fall or wander into the path of an unseen auto.

Make sure the costume is fireproofed as protection against the still-popular candle-fired jack-o-lanterns.

Give your youngster an inexpensive flashlight for the purpose of being seen as well as seeing.

Finally, if there are tads in the group, insist that a mature person, perhaps an adult, go along for the foray.

Halloween is fun and it is exciting. Let's also make it safe.

"Home-grown things are usually best," says a writer in the Altoona Mirror. The writer then adds "If he's talking about children, we agree."

Regardless of arguments for or against Proposition One, or the Water Proposition, on which you will be voting at this election, certain facts are immutable.

One of the facts, perhaps oversimplified, marks the time when Feather River water is needed. This, obviously, sets the date it must be delivered where it is needed.

According to proponents of the Proposition, it will take ten years to deliver the water if the issue is successful November 8. Nothing has been said during the past weeks to discount this estimate.

An average voter can logically argue that he is getting all the water he needs now. He can also disclaim any responsibility for the unknown hordes which will have arrived here on the tomorrows of the next ten years.

Economists point out that any restriction to California's growth will result in big scale business failures and unemployment. Regardless of your feeling of security, such a condition will affect the business with which you are associated. If you are an employee, regardless at what level, water shortage will dilute whatever security now being enjoyed. Economic security can be measured in terms of water availability.

Water, ready for use, is unlike a new car, a loaf of bread, or a suit of clothes. You can't go to the retailer and take what is needed from his stockpile. It must be planned.

Don't be misled by the ten year wait from the time of approval to the first San Diego-Feather River dribble. If the need-time and the delivery date meet where it must, we'll have to say "yes" to Proposition One.

An unsolicited warning of doom comes from a gentleman who signs himself William R. Sullivan, of 1116 S. Flower st., Los Angeles.

"This world does not have an unlimited amount of space for an unlimited amount of people. We do not even have an unlimited amount of fresh water.

"There are those who seem to think the answer lies in ignoring it," he charges.

We'd like to help Ole' Sullivan but right now we are busy trying to get the Cuban problem straightened out.

Cancer Film To Get Free Showing For Grove Women

Two films on cancer detection and control, "Time and Two Women" and "Inside McGoo," will be shown at the Grove Theater Tuesday, at 10 a.m. All women in the community are invited to attend the free showing.

The movies are sponsored by the local unit of the San Diego County Branch of the American Cancer Society as a part of a county-wide education program alerting women to the cancer control measures which may save their lives.

Uterine cancer, which is the second highest cause of cancer death in women, according to the American Cancer Society, could be almost eliminated as a killer if enough women would have regular cell examination tests as a part of their yearly health check-up. Women will learn about this simple, life-saving test in the film, "Time and Two Women."

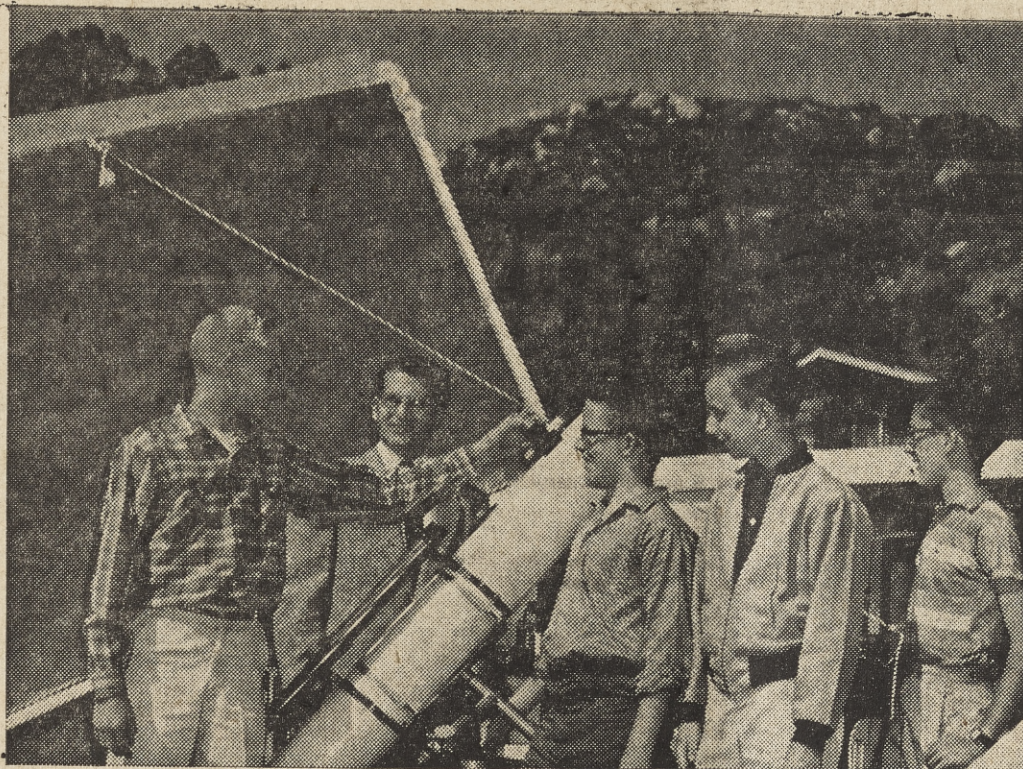

Mrs. Ruth Dye is chairman of the committee sponsoring the showing of the films at the Grove Theater. The presentation is made possible through the cooperation of Donald C. Dunham, Manager of the Grove, and by the members of the Projectionists Union which is furnishing operators free of charge for the program.

From October 31 through November 4, thousands of women throughout San Diego County will see the film program. Ten prints of the two films are being circulated to Cancer Society units. Follow-up showings in churches and schools will be held at a later date for women who work at daytime jobs.

At each showing a doctor will be in attendance. Women in the audience may submit unsigned questions in writing, and these will be answered by the doctor after the film program.

Astronomy Club To Give Public 'Star Party'

They'll be seeing stars in Spring Valley Friday evening.

The Astronomy Club of Spring Valley Junior High School has invited the public to a "Star Party" beginning at dusk, Friday evening. Featured at the school will be more than twenty homemade and commercial telescopes, according to Turner Smith, president.

If the night is clear there will be perfect viewing of mountains on the moon, the nebula of Andromeda, the rings of Saturn, and other spectacular sights, said Roger Miller, faculty sponsor.

Student guides will conduct visitors to the telescope area, said Miller. All telescopes will be operational until 10:30 p.m., he added. There is no admission charge and the public is welcome to participate in this science instruction activity, he said.

Masons, mechanics, metal workers and other artisans in Teheran, Iran, must have their own tools to practice their trades. It would take vocational school graduates a year to earn the tools sent in CARE \$20 packages. These gifts mean graduates can get jobs.

School of Law Requires Degree For Admittance

A candidate for the School of Law, University of San Diego, will need a bachelor's degree from an accredited college as an admission requirement as of February, 1961.

The President of the University, Bishop Charles F. Buddy, announced the new requirement today. He said it would apply to both day and night sessions of the School of Law.

Hitherto, the admission requirement has been three years of satisfactorily completed college work. The Dean of the School of Law, the Rev. Martin J. McManus, hailed the new requirement as "another forward step in the academic progress of our school."

"The entrance requirement of a bachelor's degree brings us into line with the leading law schools throughout the nation," Father McManus said. "Most law schools now insist on this."

Enrollment at the USD School of Law this year reached a new high of 158 students. The overall enrollment at the University for this year is 2,022 students, an increase of 44 per cent over last year's figure.

The night session of the School of Law began in the spring of 1954. The day session was added in the fall of 1959.

Bus Owner Named To Transit Board

PHILADELPHIA, (Spcl) — James C. Haugh, vice president and general manager of the San Diego Transit System, was elected a director of the American Transit Association recently.

Mrs. James C. Haugh and Mr. and Mrs. Jesse L. Haugh, his parents, were in attendance at the convention. J. L. Haugh was president of the Association in 1958.

Edwin C. Boughton, Chicago, was elected president.

The Haughs returned to San Diego in time for Bus Appreciation Week which got underway last week. The Week honors the SD Transit System for the improvements made since 1948. It is timed to coincide with the introduction of an additional 30 new Style-Liner coaches.

Mt. Miguel Senior Gets 'Clipped' During Summer Fishing Cruise

Gary Beals, 16, son of Mr. and Mrs. Edward Beals, 8226 Dorchester st., Spring Valley, and a senior at Mt. Miguel High School, returned last week from a rather long distance fishing trip. He spent his summer aboard the M. V. Westgate working his way to and from Peru.

He left San Diego August 24 on a workaday program, a plan in which he would do regular work as a seaman on board, but would have time off for sightseeing and visiting.

While on the trip, Gary had the dubious privilege of crossing the equator. Fearful that something would result, Gary was relieved when they crossed at 11 p.m. since tradition has it that no ceremonies may occur at night. His relief was in vain.

The next morning the passengers and crew were waiting for him. He was placed in a chair and clipped by an impromptu barber, who completed his job by covering Gary's bald spot with a liberal dabbling of red paint.

Another crew member was given similar treatment. In

Most impressive to Gary were the people he met. "I certainly learned," he said, "that people are people wherever they may be."

"As a result of the trip, I have found more value in American schools; I can really see the Americanness of them. I also appreciate the cute American girls! There aren't many pretty

girls in Peru."

Poultrymen Meet

Poultrymen throughout the area are invited to attend any of three meetings at which a 1960 Labor Efficiency Study will be reported, according to Robert Adolph, farm advisor.

Meeting places and times are, tonight, 7:30 to 9 p.m., in the Biology room of Vista Union High School, Vista; tomorrow, 1 to 2 p.m., at Collier Park in Ramona; Wednesday, 7:30 to 9 p.m., in Room 5 of the Grant School, Escondido.

turn, he and Gary exchanged a toast of a mixture of tobacco sauce, mustard, catsup, and other "equally tempting" ingredients.

School work was not ignored by Gary while on the trip. After work and on Saturdays and Sundays, he studied using the Spanish, English, and civics books he had brought along.

His first impression of Peru was formed when he stopped at a small town in northern Peru. He found it to be a small, dirty, fishing village. In contrast, however, he found Lima, Peru, to be a large city with beautiful buildings. "It looked, in fact, like any large city would throughout the world,"

FOOTHILLS SECONDARY COUNCIL

Foothills Secondary Council PTA members are cooperating to help obtain a favorable vote on the Junior College election being held by the Grossmont Union High School District on November 8. Formation of a Junior College District will be Proposition "O" on the ballot.

"Members of this Council, composed of over 3,000 PTA members, have been studying the Junior College issue since 1957 when a pro-and-con discussion was presented at a Council meeting," states Mrs. Robert Wilken, Council president.

To date the following PTA's have endorsed the Junior College formation after presentation of factual information, either through their executive boards or their association meetings: El Cajon Valley, El Capitan, Granite Hills, Grossmont, and Helix High Schools, and Cajon Valley, Greenfield, Lakeside, La Mesa, Lemon Grove, Palm, and Spring Valley Junior High Schools.

Foothills Council unanimously passed a resolution at its recent meeting to endorse the Junior College election after hearing a symposium consisting of Mrs. Portia Goode, Grossmont Board; Mrs. Margaret Burnett, La Mesa-Spring Valley School Board; and Mr. Lewis F. Smith, superintendent of Grossmont District. The resolution also called for study of the issue in the respective PTA units. Mrs. John Morrow, Junior College chairman for the Council, points out that study before action is one of the standards established by PTA policy in considering legislative matters. "We have tried to adhere to this policy before deciding upon support. Individual PTA members are as always, free to exercise their own individual rights in voting, but we are highly gratified to have had such overwhelming support from our junior and senior high PTAs," she states. Assisting her are Council Legislation Chairmen from four areas. Mrs. Ivan L. Arms, Lemon Grove; Mrs. Raymond F. Nelson, La Mesa-Spring Valley; Mrs. Sam Sloan, Lakeside; and Mrs. James W. Bull, El Cajon.

On Sunday, October 30, from 2 to 4 p.m., in the Grossmont High cafeteria, Foothills PTA members will assist the Grossmont Union High School District in getting out a mailing piece to registered voters within the district. "The importance of this election to the educational future of our young people and to our communities cannot be overestimated," states Mrs. Morrow.

The dictators of the world, whether they be in Russia, in China or in Cuba, imagine that the Bible is out-dated or superseded by their modern philosophy of life. Indeed they dread all Bible teaching because they realize that the message and influence and precepts of the Word of God are in direct opposition to their program. However, even Atheists and agnostics have to admit the ethical value of the Bible while they may deny the God it proclaims.

"GOD'S WORD"

The Bible does not only identify God, but it identifies you. In the reading of this book, you get a good look at yourself. The Bible tells us that every one of us is a sinner. We are lost sinners bound for eternal separation from God in our natural state. Every person is identified as contaminated by sin.

Linda DeMars, Bob Johnson Wed In Double Ring, Patio Ceremony

Linda Elaine DeMars, daughter of Mr. and Mrs. Leo R. DeMars, 2375 El Prado ave., Lemon Grove, was married to Robert D. Johnson, son of Mrs. Elaine Johnson of Newport, Oregon, in a double ring patio ceremony at the home of the bride on Thursday, October 13.

Reverend Orval C. Butcher from Skyline Methodist Church, Lemon Grove, performed the ceremony. Miss Shirley Werner was the maid of honor, and Miss Lea Star DeMars, younger sister of the bride, was the bridesmaid. George Darling and Stewart Clark were the groom's attendants.

The bride chose a gown of tulle and heavy satin brocade. The bodice was of surplice design over a full skirt sweeping from calf length in front to the floor in back. She wore a fingertip veil with a braided seed pearl tiana.

She carried a bouquet of gardenias, roses and stephanotis fashioned in a spray over a white Bible, a gift of her late maternal grandmother, Mrs. Leo Ronchette.

The bridesmaids wore identical bouffant sheer plum colored dresses with matching accessories. They carried cascading bouquets of lavender gladiolus and stephanotis.

Mother of the bride wore a purple sheath, black accessories and gardenia corsage.

Leo Ronchette, grandfather of the bride, attended from Camas, Washington.

The ceremony took place in the patio of the bride's home. The decorations carried out a lavender and silver color scheme with natural plantings as background.

The reception followed immediately in the cabana by the swimming pool. The decor there was white and silver with a centerpiece of lavender gladiolus, white carnations, and stocks.

The couple will make their home in Newport, Oregon.
